

Somerset Soccer Club

EST 1979

WOMEN 17/04/2010

Our third actual game saw us playing Launceston united at Birch Ave.

Luckily it was a lovely mild day as the girls had to get changed on the grass outside the away rooms because the Ulverstone reserves were slow getting changed.

This was not one of our best games as we seemed to have left the things we have been practicing at training in Somerset.

During the first half we scored four goals with quite a few missed opportunities.

After a bit of a chat at half time the girls did as I asked and scoring a very good goal and our fifth in the first couple of minutes.

But that was our last goal for the day the final result being 5 – 1 win to the sharks

Katrina Cowan played her first game for the sharks and Laura Dobson played her first game for 2010.

Well done girls.

Go Sharks!!!!

Ian Cowan
