

Somerset Soccer Club EST 1979

WOMEN 06/06/2010

Round ten saw us play Utas at Allenby Rd. We went into this game fairly confident although we had a couple of players out.

We had our first goal within a couple of minutes and I thought there may be a big score coming up but we then got sucked into playing the Utas game and the soccer got rather scrappy and physical.

Gennah got assisted off the ground right on half time with a kick to her injured ankle that has kept her out for quite a few weeks and may be out for a few weeks again.

During half time I reminded the girls what we have been working on night after night at training and in the second half the girls went out and played some great soccer and ran all over Utas. We had several good opportunities and scored two more goals resulting in a good 3 - 0 win.

Good win Sharks.
